Hello,

I am a young professional seeking new and exciting creative endeavors. I certainly feel as though I would be a great fit and addition to your team for a number of reasons.

I have a wide variety of qualifications that make me experienced for a diverse selection of positions. I received my Bachelor of Fine Arts degree, majoring in photography, from College for Creative Studies (Detroit, MI) in 2010. While attending school, I studied camera knowledge (film and digital), studio lighting (strobe and continuous), photo retouching, color correction, printer knowledge, and much more. I have used the Adobe Creative Suite extensively, both in school and professional work.

For the past five years, I have worked in marketing and design for several car dealerships, which are located in the Metro-Detroit area. Skills that I have acquired and use on a day-to-day basis for that particular position include: direct mailer design (using Adobe Illustrator), client collection, mail merges (using Adobe InDesign and Microsoft Office products), extensive time management and organization.

I have always taken pride in my work, work ethic and organization, which I believe are some of the key assets of my personality. I am a hard worker and always strive for improvement. I feel as though I am ready for a position, which I can learn as well as grow in.

Thank you for considering me for the position and taking the time to review my application. You may contact me at your convenience by email or phone, which I have listed above.

Respectfully yours,

Timothy Van Kirk Gault Jr.
